SOP-5

Readiness — Elderly / Mobility Limited

Red Alert SOP — For buildings WITHOUT a Mamad / Mamak

Protected Space Setup

Protected space pre-selected and practised ..... **VERIFIED**

Identified from every room; practised reaching it

Bed or sofa repositioned against inner wall ..... **CHECKED**

Below window line, not facing door — for those who cannot move quickly

No **shelves or heavy objects** above bed/sofa ..... **CHECKED**

Routes to protected space **cleared** ..... **VERIFIED**

Rugs, plant pots, chairs, cables — anything that could trip or block a wheelchair

Grab rails or support along the route ..... **CHECKED**

Wall-mounted rails, furniture positioned for support, walker accessible

Equipment & Supplies

Wheelchair / walker / mobility aid within reach ..... **CHECKED**

Charged if electric; not folded away in a closet

Phone within arm's reach at all times ..... **CHECKED**

→ charged | volume ON | Red Alert app active

Medications in protected space or go bag ..... **CHECKED**

Especially time-critical: insulin, inhalers, heart medication

Chair positioned in stairwell (if applicable) ..... **CHECKED**

For sitting during the 10-minute wait

Torch within reach ..... **CHECKED**

Especially important if mobility is limited in the dark

Support Network

Buddy system arranged with a neighbour ..... **CHECKED**

Someone who will check on you or help you move when the siren sounds

Neighbour has a key or knows how to reach you ..... **CHECKED**

Emergency contacts saved and accessible ..... **CHECKED**

Family, neighbour buddy, building committee

Family members know the plan ..... **CHECKED**

Who helps whom, who grabs what, designated roles during a siren
