- [ ] **Torch / flashlight within arm's reach** — On nightstand or bedside — not buried in go bag
- [ ] **Glasses positioned by bed (if needed)** — Same spot every night — grab without thinking
- [ ] **Keys accessible and in known location** — By bed or on hook by front door — not buried in a coat pocket

Go Bag & Exit Route

- [ ] **Hallway and exit route clear of obstructions** — Can navigate in the dark without tripping
- [ ] **Front door can be opened quickly** — Not double-locked; key at hand if needed

Sleep Conditions

- [ ] **No earplugs — hearing must be clear** — You must be able to hear the siren and phone alert
- [ ] **Protected space priority order — understood** — Mamad > Shelter > Inner stairwell > Inner room (see decision flowchart)
- [ ] **Route to nearest shelter — known and walkable in the dark** — Have you walked it at night? Know alternate if primary is locked?
