HFC App Configuration

Home Front Command (Pikud HaOref) App Setup — Android

Installation

📲 **Home Front Command app** installed

Search "פיקוד העורף" or "Home Front Command" in Google Play Store

⚙️ App **up to date**

Check Play Store for pending updates

Permissions

📡 **GPS / Location** permission granted

Settings → Apps → HFC → Permissions → Location → Allow all the time

🔔 **Notifications** set up and tested

- ☐ Notifications enabled for the app
- ☐ Alert sound is audible *(test it)*
- ☐ Notifications not silenced or grouped

🔋 **Battery permissions** correctly set

- ☐ Battery optimization **disabled** for this app
- ☐ Allowed to run in background

Settings → Apps → HFC → Battery → Unrestricted

📡 **Data permissions** set

- ☐ Allow background data use
- ☐ Not restricted by data saver

Settings → Apps → HFC → Mobile data & Wi-Fi → Allow background data

⚙️ **"Remove permissions if unused"** disabled

Settings → Apps → HFC → Permissions → uncheck "Remove permissions if app isn't used"

Configuration

🗺️ **Alert area** set to your location

Open app → Settings → select your city/area

🔔 **Alert types** all enabled

Rockets, hostile aircraft, earthquakes, tsunamis, hazardous materials — enable all

📱 **DND / Do Not Disturb override** verified

- ☐ App can override Do Not Disturb
- ☐ App can display over other apps

Critical: alerts must sound even when phone is in DND or silent mode

DISCLAIMER: Not an official government resource. Use at your own risk. Based on HFC (Pikud HaOref) publications as of Mar 2026. Official guidance: oref.org.il.

Verification

🛡️ **Test alert** received successfully

Wait for next HFC test or ask someone nearby to trigger their alert and verify you hear yours

📱 Alert audible with phone **face-down**

Place phone face-down and verify alert is still clearly audible

🌙 Alert works in **DND mode**

Enable DND, have someone trigger a test — verify alert breaks through
