SOP-5

Readiness — Elderly / Mobility Limited

Red Alert SOP — For buildings WITHOUT a Mamad / Mamak

Protected Space Setup

- ☐ **Protected space** pre-selected and practised

  Identified from every room; practised reaching it

- ☐ **Bed or sofa** repositioned against inner wall

  Below window line, not facing door — for those who cannot move quickly

- ☐ No **shelves or heavy objects** above bed/sofa
- ☐ Routes to protected space **cleared**

  Rugs, plant pots, chairs, cables — anything that could trip or block a wheelchair

- ☐ **Grab rails** or support along the route

  Wall-mounted rails, furniture positioned for support, walker accessible

Equipment & Supplies

- ☐ **Wheelchair / walker / mobility aid** within reach

  Charged if electric; not folded away in a closet

- ☐ **Phone** within arm's reach at all times

  → charged | volume ON | Red Alert app active

- ☐ **Medications** in protected space or go bag

  Especially time-critical: insulin, inhalers, heart medication

- ☐ **Chair** positioned in stairwell (if applicable)

  For sitting during the 10-minute wait

- ☐ **Torch** within reach

  Especially important if mobility is limited in the dark

Support Network

- ☐ **Buddy system** arranged with a neighbour

  Someone who will check on you or help you move when the siren sounds

- ☐ **Neighbour** has a key or knows how to reach you
- ☐ **Emergency contacts** saved and accessible

  Family, neighbour buddy, building committee

- ☐ **Family members** know the plan

  Who helps whom, who grabs what, designated roles during a siren
